Subject: Toxic Substances Control Act (TSCA)

Carlsen Precision Manufacturing hereby confirms its commitment to compliance with California Proposition 65, the Safe Drinking Water and Toxic Enforcement Act of 1986. We recognize the importance of providing clear and accurate information to our customers and the public regarding potential exposure to chemicals known to the state of California to cause cancer, birth defects, or other reproductive harm.

At Carlsen Precision Manufacturing, we are dedicated to ensuring that our products meet all applicable regulatory standards, including those outlined in Proposition 65. Our comprehensive approach to compliance involves rigorous monitoring and assessment of our products to identify and address any substances listed under Proposition 65.

We regularly review and update our processes to align with the latest requirements and maintain transparency in our communication. Should any of our products contain substances subject to Proposition 65, we provide clear warnings and take necessary measures to comply with all legal obligations.

Carlsen Precision Manufacturing is committed to upholding the highest standards of product safety and environmental responsibility.

Regards,

A handwritten signature in black ink, appearing to read "Dan Wong", with a large, sweeping flourish at the end.
